Honor Saginaw Second National Bank

TROPHY BOW — First ever presented to an institution was given to the Second National Bank of Saginaw at a small dinner meeting held at the Chief Shoppens Motor Hotel last Wednesday evening during the "blackout". In the photo above are, from left to right, Col. William Peterson, United States property and fiscal officer; John H. Alef, president of the Grayling State Bank who presented the bow to John A. Stewart, Second National Board chairman; in the rear is Major General Clarence Schnipke, Adjutant General of Michigan; Brig. General Carson Niefert, Quartermaster General of Michigan; and E. Colbert Ryan, president of Second National.

The dinner at the Chief Shoppens Motor Hotel was the Crawford County Chamber of Commerce's and Grayling State Bank's thank-you to Second National for making arrangements to pay the troops at nearby Camp Grayling.

SECOND NATIONAL has been doing the job for more years than anyone present could recall. The service was accomplished with little expense and considerable responsibility. Last week the Saginaw bank had arranged for nearly \$1 million in cash to pay off the Ohio National Guard in training.

Carroll Wort, Chamber of Commerce president, said "We would like to express our gratitude to Second National. We have plenty of green up here, but we need that other green stuff and we are glad that Second National has been willing to pay off the National Guard units."

Maj. Gen. Clarence C. Schnipke, adjutant general of the Michigan National Guard said, "Everyone in the guard appreciates the services extended by the bank."

Bridgadier Gen. Carson Niefert, quartermaster general of the Michigan National Guard, said a survey showed the average national guardsman spent \$100 in the Grayling area during his two weeks of training. He also pointed out that with troops there from Ohio and Indiana as well as Michigan, there was a \$2.5-million payroll for the area during July and August. He also commended Second National for its contributions to the economy of the area.

DRIVER INJURED IN ONE CAR ACCIDENT

Larry Crouch, 24, of Rural Route, Grayling, suffered severe injury to his right hand as well as cuts, bruises and abrasions in a one-car accident on Military Road last Friday night about 11:35 p. m.

TROOPERS from the Houghton Lake Police Post investigated the accident. The troopers stated that the driver said he went to sleep. The car left the roadway about a tenth of a mile south of the M-93 intersection, traversed a wide ditch and went into the woods. Three trees of eight inch or more diameter were broken down by the careening car.

Crouch was taken to Grayling Mercy Hospital for treatment and later transferred to a Detroit hospital for specialized treatment for his hand injury.

PRECIOUS DONATIONS OF BLOOD GIVEN

Last Monday, August 23, 134 persons made the precious donation of a pint of blood to the Crawford County Red Cross Blood Program. This is the only way for a blood program to be successful and for a county to fulfill its obligation to the other counties participating in the Lansing Regional Blood Program.

Behind every success there has to be much time and effort spent. I would like to thank everyone who helps to make our program a success. This includes the Recruitment Chairman and the various Divisional Chairmen and the recruiters, the professional and non-professional volunteers who work on the mobile, the doctors, the A & P and Glen's Market, the men who helped to unload and load the truck, the Legion, the Avalanche, those giving blood and also the people who came in but were unable to give blood at this time.

Crawford County is one of 36 counties participating in the Red Cross Blood Program that is operated through the Lansing Regional Center. Because this county participates, all residents of the county are entitled to have their total blood needs met, whether they are hospitalized in our own county, or anywhere in the United States or Canada. If hospitalized away from home, all that is needed to replace the blood is a call to your local Red Cross.

Our next Bloodmobile will be here on December 2, 1965 — mark the date on your calendar. Giving blood is a good habit to get into.

Vandals Hit Power Lines

Consumers Power Company renewed its \$100 reward offer for information leading to the arrest of anyone who shoots out a company power line, causing a power interruption.

Bob D. Hilty, division manager of the company's Northwest division, said serious power interruptions have been caused three times in less than a year in the Higgins Lake area by "outright vandalism."

The latest interruption Wednesday evening, August 25th, caused by the deliberate shooting of an insulator on a 46,000 volt line near Higgins Lake, cut service to several thousand Consumers Power customers for more than three hours.

The interruption affected many communities in the Grayling, Higgins Lake, Houghton Lake, Merritt area. Street lights were out, hospitals switched to emergency power, drive-in theatres went dark, and homes were without cooking facilities and television entertainment the entire evening.

State Police, who are investigating the shooting, and Consumers Power personnel are seriously concerned because the deliberate shootings apparently are the work of people who are unaware of the extensive damage they are doing, or just plain don't care.

"We are repeating the reward offer as a way to remind people that such shootings can be stopped, if we can learn about them the instant they take place," Mr. Hilty said.

He asked all residents to telephone the nearest police agency if they see or hear such shooting near their homes, or in areas near a power line, if they have any doubt at all that the shooters are legitimate hunters.

Community College Committee Meeting

The Community College Planning Committee of Crawford, Ogemaw, Oscoda and Roscommon Counties met August 26th at the Roscommon County Courthouse to re-organize and set a target date for an election by the general electorate. The committee decided to set the "target" date for the election during the second week in March. Issues at that time will be to elect the Community College District and a one mill levy on property for the operation of the Community College.

Two committees were also appointed, one to seek financial help for materials prior to the election; the other to organize the publicity.

State Society Honors Dr. Stanley Stealy

Stanley Stealy, M. D., Grayling, will be honored at the Centennial Session of the Michigan State Medical Society in Detroit September 21 for completing half-a-century of service in medicine.

Coveted Cobo Hall will be presented to Cobo Hall by the MSMS House of Delegates, as one of the highlights of the state society Centennial. The Centennial will feature many special historical events, excellent postgraduate educational programs, and policy-making action, September 19-24 at Cobo Hall and the Sheraton-Cadillac Hotel.

Crawford County Tourist Information

Camping either by day or canoeing camping is excellent at this time of year. Insects are at a minimum, and the opportunity of viewing our wildlife and birdlife on the Manistee and Ausable River systems is unexcelled.

All Crawford County camping grounds are in excellent condition, and your Chamber of Commerce can point out many excellent sites where you may enjoy the outdoors in an unspoiled wilderness setting.

The Horse and Hiking Trail can also be used to provide observation of unspoiled forest land and is well marked for nature lovers by the U. S. Forest Service.

Fishing on area lakes continues to be fair and good catches of bluegill and bass can be taken on flies and poppers. Trout fishing is holding up good with grayling taking nice fish during daylight hours. Nice trout being taken in bait waters with higher water due to recent

Twenty-one ladies appeared for golf on August 25th. Prizes went to: Flight A: Low Gross, Mary Jane Knibbs and Mary Pettengill; Low Putts, Pat Moyer; Flight B: Low Gross, Ann DuBois, Low Putts, Doris Soudera. Lunch was served by Ruth Nielson, Gloria Nielson, and Laura Olson.

Don't forget the adult partner mixed tournament on Labor Day.

TOWERING OVER SKYLINE

HILL, south of Grayling, this 315 foot tower is a part of General Telephone's high speed switching center and microwave relay site. The two octagonal reflectors, at the top of the tower relay microwave signals, after amplification, from and to towers near Lewistown and Houghton Lake. The lower reflectors link Sigma, near Kalkaska, and West Branch along a Saginaw- Traverse City route. The upper reflectors will ultimately aid in establishing the 160-mile mid-Michigan microwave network now under construction and nearing completion by General Telephone. Part of the network — Roscommon to Alma — will be utilized to re-center handling of long distance calls from this area, a twenty-month, \$2 million project now underway to establish expanded and improved long distance service.

Officers of General Telephone and members of the Company's Board of Directors toured the new Skyline Autovon network switching center south of Grayling last Friday, following the regular monthly board meeting in Muskegon.

Among the Board members were: J. E. Campbell, President and Publisher, Owosso Argus Press; W. R. Monroe, Chairman of the Board, Hackley Union, National Bank, Muskegon; and F. W. Roberts, Jr., Vice President, S. D. Warren Paper Co., Muskegon. Company officers participating in the tour were T. A. Saunders, President; P. A. Betty, Operating Vice President; and C. E. Sandford, Secretary-Treasurer.

B. F. Robinson, Chief Engineer for Gen Tel, conducting a briefing session for the group prior to leading the way through the multimillion dollar facility scheduled to begin switching both military and civilian messages late this year. The Roscommon switching center will become a vital element in the Defense Communications Agency Network as well as providing supplemental long distance circuits for General Telephone's exchanges in the northern half of Michigan's lower peninsula.

Two Clubs Plan Turkey Shoot And Chicken Barbecue Sunday

The Grayling Sportsman's Club and the Grayling Kiwanis Club have joined hands to plan a big outing for this coming Sunday, Sept. 5th at the Sportsman's Club building and property located west of Grayling on the Old Lake Road.

Featured will be a turkey shoot, chicken barbecue and a variety of other events. Prizes for the turkey shoot will be turkeys and chickens. Entry fee for the turkey shoot is set at \$1.00 and for each ten man event, first prize will be a turkey and second prize a chicken. Those in the event will shoot at a "cross" off a mimeographed target of a turkey. The one getting the one pellet closest to the cross will be declared the winner.

Also to be enjoyed will be an archery range, horseshoe courts and trap and bow-shooting.

In the trap shooting event, five men will fire at 25 targets each. Among the 25 targets in the event will be one colored one. The man shattering the colored target will win a prize. Also available this year will be wagon rides for the kiddies.

The chicken barbecue will be served starting at noon until all of the food is gone. It will be a complete meal and the charge has been set at a low \$1.50 for adults and \$1.00 for children.

It promises to be a big event and everything will be in full swing starting at noon and will continue all through the afternoon and into the evening hours. Spokesmen for the two clubs stressed that it was not necessary to be a member of either club to participate and they urged everyone to come out to take part.

This is the fourth year in a row that these two Grayling clubs have jointly sponsored this event. In past years, it has been a huge success and everyone seemed to have the time of their lives.

Grayling School Millage Reduced

The taxpayers in the Grayling Public School District will receive some relief millage-wise for the 1965 tax levy. The two mills extra voted for operation of the school system applied to the 1964 tax levy only. The ten mills, levied to date for the retirement of the bonded indebtedness for payment of the new elementary school and improvements to the high school, have been reduced to four mills for the 1965 tax assessment.

These reductions, totaling 8 mills, were made possible due to the rise in valuation within the school district.

Astronaut Helps Launch Scouting "Breakthrough" Program for Youth

Following the first space flight of Astronaut Gordon Cooper in May 1963, he attended the National Council Annual Meeting of the Boy Scouts of America in New York City and made this significant statement:

"I can't tell you how much good work I think all of you are doing in Scouting. Indeed, it was mentioned that we have done so much for Scouting. I think on the contrary I should state Scouting has done so much for me. 'Any of you who have been Scouts, who have grown up active in Scouts, and who have taken Scouting seriously can never doubt that Scouting is one of the greatest influences in our lives as we were growing up.'"

This lives as the Boy Scouts of America are launching a major Breakthrough for Youth with the theme "Follow the Rugged Road to Adventure."

N. Robert Pratt, Chairman of Organization and Expansion for the Paul Bunyan Council is planning the organization of 13 additional Cub Scout troops and Explorer posts to accommodate the hundreds of additional boys who want to "Follow the Rugged Road" this fall. A goal has been set to add 43 more units by the end of 1967.

Assisting Pratt in the "Breakthrough" program will be James V. Rutledge, Roscommon; Ray Graves, Standish; William D. Lyon East Tawas; and Lester Linebaugh of Midland.

Wedding vows for Miss Donna Bailey and Ronald W. Hoffman were read by the Rev. Harold G. Molzan Saturday evening, August 21, 1965 in Bethlehem Lutheran Church in Saginaw.

Parents of the bride are Mr. and Mrs. Garrett D. Bailey of 708 Ogema Street, Grayling. He is the son of Mr. and Mrs. William A. Hoffman of Saginaw.

Donna chose a lace and chiffon gown with a rose lace bodice, the skirt accented with a bouffant train. Her bouffant veil was held by a crystal and pearl crown. She carried a bouquet of pink roses and white chrysanthemums.

Maid of honor Miss Carolyn A. Whelton wore a blue formal-length taffeta dress with lace bodice. She carried pink and white carnations and chrysanthemums. Similarly attired was the bridesmaid, Miss Dawn L. Sheard.

William E. Knoedler was the best man. Gary W. Ahrens, cousin of the bridegroom, was groomsmen, and Garrett D. Bailey, brother of the bride, ushered the guests to their seats.

Mother of the bride Mrs. Bailey chose a beige lace dress with bone accessories — and yellow corsage. The bridegroom's mother wore a beige brocade dress with apricot accessories and corsage.

The newlyweds greeted five hundred guests at a reception at the Falcons Hall before leaving for their honeymoon out of state. They will be residing at 2725 Bay Road, Saginaw, after September first.

BITS O' TALK

Earlier this month Mr. and Mrs. E. V. Myers entertained their daughter and family, Mr. and Mrs. James VanScyoc, Bettie and Terry for ten days at their home on M-72 east, also Mr. and Mrs. Jack Ritchey, all of Pontiac. The women spent a day shopping in Cadillac, visited Gaylord and the Call of the Wild Museum and other points of interest. A cookout picnic at Otsego Lake and a visit to Mr. and Mrs. Clifton Jacobs and Mr. and Mrs. Robert Aube near Alpena were enjoyed, the men enjoying fishing on different lakes and providing plenty of fish for fish fries.

On August 17th Mr. and Mrs. Myers were called to Pontiac because of the serious illness of their granddaughter, Laurie Lynn Walter, daughter of Mr. and Mrs. William Walter of Watkins Lake. Laurie, just three years old July 19th, fought a losing battle with leukemia and died August 21st in St. Joseph Mercy Hospital. Burial was August 24th in Ottawa Park Cemetery, Waterford. She is also survived by two older sisters, Nancy and Karen. Laurie loved to come up north to visit her grandparents, who will sorely miss her visits.

Carol Fenton is teaching in the Kempton Elementary school this fall in Saginaw.

Mr. and Mrs. Marvin Bielski and Mandy arrived in Grayling Wednesday from Missoula, Mont., where he had attended Montana State U. for a nine-week course in the field of genetics and microbiology. They visited his parents the Joseph Bielskis until Saturday before returning to their home in Flint. Mary will be teaching in the Dye schools again this fall.

Roger Giegling of Detroit is spending two weeks with his parents, the Emil Giegings.

Mr. A. L. Roberts celebrated his 81st birthday anniversary Friday, August 27th. Their daughters and families, the Elmer Dunhams, Cathy and Caren of Lansing, and Mr. and Mrs. William McLeod and Jon, took Mr. and Mrs. Roberts out for dinner Friday evening at Herm and Mike's in Prudenville. For dessert a lovely birthday cake was brought in, and the rest of the waitresses gathered around to sing "Happy Birthday" to Mr. Roberts. Mr. and Mrs. Dunham and daughters returned home on Saturday.

The Stan VanderVelde family of Emporia, Kans. were guests of the Dr. B. E. Henigs last week. The two families spent three days at Shanty Creek, Bellaire, during the visit.

Dr. and Mrs. Warren B. Cooksey planned to leave for their Birmingham home Tuesday after spending the summer at Sunrise on the AuSable River. Visitors during the summer were their children and their families. The Cookseys visited the Don Millikin family Friday afternoon.

The John D. Schofields, Mary Ann, John and twins Douglas and Susan, came down from Burt Lake and visited their parents, the John A. Schofields and the Arthur J. Walekys weekend before last. They will be going back to Beaver-ton where John will be teaching this fall.

Nancy and Linda Funck are spending some time visiting their grandparents, the Charles Hobbins in Jackson and their uncle and aunt the Ray-Whateys in Grand Rapids. Their parents, the Edwin Funcks, will pick them up Labor Day at the family reunion in Cadillac.

Visitors at the home of Mr. and Mrs. Fred Bishaw Saturday and Sunday were Mr. and Mrs. Leslie Bland of Traverse City, Mr. and Mrs. John Valencourt of Grand Rapids, and Mr. Richard, Valencourt of Lansing.

Ohio Guard Wins High 72% Rating

Camp Grayling, Michigan — A fantastic 72 per cent of the 8,100 ratings given Ohio's 37th Infantry Division during its just-ended two-week summer training period were superior — the highest ever recorded by the Division.

The outstanding performance — much better than last year when the Division finished among the top Reserve and National Guard divisions in the nation — drew high praise from many persons ranging from Ohio Gov. James A. Rhodes to Lt. Gen. William Train, commander of the 2nd Army, which covers eight states.

"A wonderful division," said Gen. Train. "I was most impressed with everything Your men have a high esprit de corps which is one of the marks of a good division."

Gov. Rhodes, who reviewed the 37th for the third time at the annual governor's review, commented:

"While trooping the line, a feeling of great pride came over me as I realized that the men of Ohio are willing to make sacrifices and serve our great nation in the cause of human freedom."

This year's effort far exceeded anything any of the U. S. Army Divisions to the Division's 97 units have ever seen, according to Lt. Col. Nossaman, the new Senior Army Advisor.

All but one per cent of the other 1965 ratings fell into the excellent category—second highest. Nineteen per cent of the ratings were satisfactory and only one-tenth of a per cent — 11 — were unsatisfactory.

The 72 per cent superior grades compares with 43 per cent for the Division during last summer's camp. More were rated excellent, however—56 per cent, with one per cent of the ratings satisfactory.

Only one of last year's ratings was unsatisfactory.

The ratings are made by regular Army evaluators, who grade virtually every phase of the training by the Division's 97 units.

It may never be known officially where the Division finished in relation to other Reserve and National Guard outfits since many divisions are using a new rating system this year and the final standings are never disclosed. On the basis of comparison with divisions that announce their final standings, however, the Division has ranked among the top. It is almost assured a position at or near the top again.

The ratings also will serve as ammunition as the Division tries to convince the Pentagon it should have a higher priority ranking and that it should not be scuttled in any future proposed reorganization of the Reserve and Guard.

IT IS the Division's low priority, not its performance that was believed to have been the reason the Division would have been downgraded to a brigade—about one-third division size—if the Pentagon's proposed merger of the Guard and Reserves had come about. The plan was killed, at least for this year, by a Congressional subcommittee just a few days before the Division left for summer camp.

The Division's two weeks, which ended Sunday, also were the safest on record. A total of 89 persons were hospitalized or sent home during the period. Again, there were no serious injuries in the training.

Twin Bridges

By Mrs. Esther Herrick

Mr. Howard McCann, 63, who passed away Friday, Aug. 27, 1965, of a heart attack, was taken Sunday to Detroit for burial. Ken Cavanaugh of Birmingham came up after Mrs. McCann, McCann, whose father before him came here, has been a visitor to Lovells for a good many years. An ardent fisherman and hunter, and a wonderful friend and neighbor to all, he will be missed by them. We give our sincere sympathy to the family. He leaves, besides his wife, one son and family and three grandsons besides brothers and a sister.

Mr. and Mrs. Irving Rooker and Mrs. Dorothy Olney and James Corbett of Lewiston drove to Detroit for Mr. Howard McCann's funeral on Tuesday as did Mr. Pierson Spaulding and Mr. and Mrs. Fred Herrick.

Most cabins on Twin Bridge Rd. were occupied over the week end. Mr. and Mrs. Jack Spaulding and the latter's mother, Mrs. Maud Jordan of Saginaw and Bob Bolman's mother, Mrs. Bolman of Blue Island, were all up over the week end.

Fred Britt of Detroit visited his mother and sisters at Crapo Lake and called on the Fred Herricks. Mr. and Mrs. Archie Feldhausen stopped in Lovells on their way home to Grayling with their son Art and family to visit some friends. Their son and family live in the U.P.

Mr. and Mrs. William Heyworth of Flint, who have spent the summer in Lovells, will return home soon and then make a trip to Canada to visit his 94-year-old mother. The Dick Werners are enjoying their cabin, now nearly completed. William Miller's new cabin is nearing completion and will be another nice home on Twin Bridge Rd.

Much Talk - Little Action

In an uncertain world, one thing can be said with certainty: nobody likes the American tax system—or, to put it more accurately, the multitude of tax systems, imposed all the way from Washington down to the villages, that proliferate throughout the land.

For years, it has been urged that these systems—with special emphasis on the federal income tax—need to be drastically overhauled, not just changed as expediency or some sudden need may dictate from time to time. For taxation in this country has become incredibly complex. It has just grown, like Topsy, with a minimum of rhyme or reason. And, in instance after instance, it violates or disregards principles which most economists regard as essential to any sound means of raising government revenue.

The criticisms of the tax systems are not limited to the exorbitant amounts of money they take from the taxpayer. They include the methods employed and the many confusions and overlappings that exist. They include, also, tax forms that take a Philadelphia lawyer to unravel—and that may afterwards be held wrong in court and administrative decisions.

Above all, they involve some of the widespread current beliefs and hopes that concern a lessening of the tax burden.

The federal income tax, individual and corporate, has been reduced. Numbers of federal excise taxes have been either repealed or reduced. The purpose has been to create more spendable income. But, more than is generally realized, these reductions have been offset by tax increases in other areas. This year many of the states have imposed new taxes or increased existing ones — on incomes, commodities, and property. Soon the social security taxes will be materially increased, largely because of medicare. And further increases, perhaps much larger than those now scheduled, will come in the years ahead. So the reductions, clearly, are not nearly so significant as they may seem on the surface.

There is another very important element in the U. S. tax structure that deserves vastly more public attention than it is given. Sylvia Porter dealt with it in one of her recent columns. Citing official figures for a

recent year, she showed that the U. S. depends on revenues from income and property to a much greater extent than other nations. These revenues amount to 78 per cent of the whole here, while sales, excise and consumption taxes produce only 22 per cent. In England, by way of comparison, income and property taxes account for 65 per cent and the other taxes 35 per cent. In France, each accounts for 50 per cent. Miss Porter observed, "... when we finally do get to a real overhaul of our system, just simplification of our crazy-quilt federal-state-local structure will demand serious consideration of a more equal relationship between income and sales taxes."

So the story goes. In some areas, property owners are practically in a state of revolt in protest against what they regard as excessive assessments and tax rates. In other areas, school-bond issues, which used to pass in almost all cases by heavy majorities, are defeated. And an ancient problem is always with us—it lies in the fact that great numbers of people demand new and expanded services from government for which they are unwilling to pay.

When, if ever, real tax reform will come is a matter of conjecture. As of now, as in other times, it is the subject of much talk — and very little action.

1 out of 9 Locally Eligible for Medicare

(Special to the Avalanche)

NEW YORK—How many people in Crawford County are currently eligible for the benefits that will be provided under the new medicare setup?

How much will the 7 percent cash bonus, to be paid to those who are on the retirement rolls, amount to locally?

According to the most recent tabulation, based on Department of Commerce figures, approximately 1 out of every 9 persons in the local area are now automatically covered for most of their future medical costs.

They are the 545 men and women who are 65 years of age or older.

They will be entitled to hospitalization, nursing home care, home nursing services and outpatient diagnostic services. These will go into effect, for the most part, next July 1st.

The 11.0 per cent of the Crawford County population who are in the plus-65 bracket and are thus entitled to medicare, is relatively high. Elsewhere throughout the United States, the average is 9.2 per cent.

Medicare's basic plan will take care of a large part of the cost of an illness, but not all of it.

The Social Security Administration cites, as an example, the case of a person who undergoes surgery, stays in the hospital for a month and then has "extended home care."

The total cost of his illness is \$2,375. Of this, \$1,217 is absorbed by medicare.

However, if the patient also has so-called supplementary coverage, which takes care of surgical costs

AN IMPORTANT ANNOUNCEMENT FROM A&P

Effective with the close of business Saturday, September 4th, eighty-seven A&P stores in Michigan will discontinue the distribution of the MacDonald Stamp Company's Plaid trading stamps.

WHY?

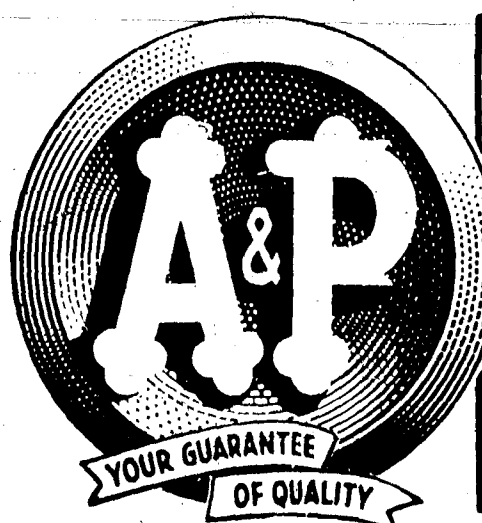

For two reasons:

1. As of September 4 the stores in the Grand Rapids Unit will be operated under the supervision of A&P's Detroit (82 stores) and Toledo (5 stores) Units. (These units do not issue trading stamps) This consolidation is made in the interest of greater efficiency and operational savings. Savings that in the A&P tradition will be shared with you.
2. When stamps were introduced in the spring of 1962, the Grand Rapids Unit had reason to believe that folks in the territory would respond to the introduction with an enthusiasm that would permit the distribution of stamps without dislocating either its business or A&P's century-old tradition of offering to its customers the most good food for the least amount of money. The degree of response has not been that enthusiastic.

WHAT ABOUT THE STAMPS YOU HAVE?

For your convenience, any Plaid Stamps in your possession may be redeemed as follows: (Complete details are posted in your A&P Store.

1. Customers now holding stamps may redeem them at their convenience by continuing to use the Mail Box Home Delivery service now provided in all affected A&P stores.
2. If you need additional stamps to complete your requirements for premiums, the E. F. A Change In View

There's nothing like a new perspective to change your attitude toward life.

When Junior is bored, he simply stands on his head for a new slant at things. The floor flips to the ceiling, with tables and chairs hanging from it, and people walk upside-down. At least that's the way it looks to him.

It is a good idea to gain a different perspective — to step back and get a new slant on things around you. But you don't have to stand on your head to do it.

Instead identify yourself with a church. Take your family and go regularly to worship. You will find a new perspective. Genuine values will keep their importance; unimportant things will diminish.

Today's life will be happier; tomorrow's full of hope. Nothing is upside-down, but everything claims its rightful place when you view life with the faith of a Christian.

LETTERS TO THE EDITOR

Editor's Note: The following letter should be of interest to our readers.

Clarksville, Indiana
August 17, 1965
To The Commander,
American Legion Post 106
Grayling, Michigan

Dear Sir:
Recently while on vacation, my wife and I passed your nice home traveling east to Harrisville State park. We are campers, we read the sign about Barbecue, this was about 1:15 p. m. as we drove east my wife could not forget how good the smoke smelled off the barbecue pit, so five miles out I turned around and came back and parked on north side of your parking lot since we were towing a small Apache Trailer, we learned that food would be served at 2:00 p. m.

After leaving we decided that you have some southerners operating the Barbecue pit since we come from west Kentucky where the Barbecue is superb, yet they do not use the same flavoring sauce or dope as we called it in the south, but don't change as its wonderful, and too the chicken was of excellent quality, we later ate Chicken Barbecue with the Methodist at Harrisville, but you have got them licked for good food, keep up the good work, people will come out for good food when you can't budge them otherwise.

Enclosed you will find a copy of our Legion AIR, I might tell you that Lawrence Capehart Post No. 15 is a very active post, one of the most active in Indiana, we do not have the fine home that you have, let me compliment you on going into the Bowling business, its one way of paying the bill.

Thanks again and we enjoyed our visit and especially the food, when your members come south we invite you to stop at Lawrence Capehart in Jeffersonville, Ind.

With our very best wishes, we are

Sincerely yours
Mr. and Mrs. Roger Stinnett

Att. Editor,
Dear Sir,

My family and I have just returned from one of many weekend trips we have enjoyed in and around Grayling this summer. I wish I could find a way to say "Thank You" for the smiling, courteous treatment we received from all the local merchants and other people we dealt with while we were in town.

Everyone seemed eager to give us information about the Canoe Races and the Fourth of July celebration. My two sons have never experienced a July 4th as great as the one the Fire Dept., staged this year. The firemen deserve a huge vote of thanks for all the time and effort I know they invested in that day. It was greatly appreciated by everyone. I am sure, along with the petunias displayed throughout the town. There was a great feeling of patriotism in the air when our own

Ohio National Guard Band played America and Our National Anthem as we waited tensely for the first canoe to start down the AuSable on their long journey.

I am sure at that moment we were all proud to be Americans. Maybe there is some way you can convey our thanks in your paper to some of the people who worked so hard on these summer projects.

Yours truly,
The John Keene family

know the facts

about insurance

Fact 1: Fire insurance alone on home and contents is not enough. Your home could be destroyed by windstorm, explosion or other hazard.

Fact 2: Theft coverage of your possessions, at home and away, should be included.

Fact 3: A lawsuit judgment against you could cost you everything you own. You need liability insurance.

Fact 4: You get all this and more in one Homeowners policy... with one low premium!
